If you sound like the person described below, we want to hear from you:

- Someone who is interested in helping us change the status quo in Public Health
- Someone who understands people, and the importance of understanding people
- Someone who can think on their feet and fly by the seat of their pants
- Someone who puts making a difference and getting a job done excellently above money
- Someone who is actively looking for a different role to anything else out there at the moment
- Someone who wants to give people contacting our service an awesome experience
- Someone to help us reach our BHAGs (Big Hairy Audacious Goals!)

The job will involve (well, some of it!):
